Login URL: https://www.gardencityproperties.net/admin/login/

---

1. LOGGING IN

- Go to `https://www.gardencityproperties.net/admin/login`.
- Enter your authorized admin **Email** and **Password**.
- Click **"Sign In to Dashboard"**.

---

2. HOW TO EDIT AN EXISTING PROPERTY (SAFELY)

- Find the property card under **"Live Properties in Database"** at the top of the dashboard.
- Click the cyan **"Edit"** button (pencil icon).
- The dashboard turns into an amber banner: `Editing Project: [Name] (Updating ID: [slug])`.
- Update the text, prices, or unit layouts you wish to change.
- **Images:** To keep the existing cover photo, leave the cover file selector blank! To add gallery photos, click "+ Add Photos".
- Scroll to the bottom and click **"Save All Changes to Project"**.
- Click **"Preview"** to verify on the live website.

---

3. HOW TO ADD A NEW PROPERTY

- When you open Admin Pro, the form is ready in **"Add New Development"** mode.
- Fill in **Section 1: Basic Info** (Project Name, Developer, Starting Price in OMR, Starting Area).
- Fill in **Section 2: Narrative** (A 2-4 paragraph description).
- Add **Section 3: Unit Configurations** (Click "+ Add Configuration" for each 1-BR, 2-BR, or Villa layout, upload its photo, and enter BUA sqm and price).
- Add **Section 4: Location** (Paste Google Maps link and click "Auto-Resolve Location").
- Select **Section 6: Amenities** (Check Infinity Pool, Gym, 24/7 Security, etc.).
- Upload **Section 7: Media** (Select a 16:9 high-res cover photo and gallery slideshow photos).
- Optional: Add YouTube walkthrough video in **Section 9**.
- Click the large bottom button: **"Publish New Development"**.

---

4. 5 CRITICAL GOLDEN RULES FOR IMAGES

- **Never upload .ICO files:** Only upload `.jpg`, `.png`, or `.webp`.
- **Keep individual images between 500 KB and 3.5 MB:** Admin Pro automatically compresses them to high-speed WebP.
- **Use 16:9 landscape aspect ratio:** (`1920 × 1080 px`) for covers and gallery vistas.

- **Give configurations their own photo:** Upload villa or apartment photos directly inside the configuration modal.
- **Hard-refresh your browser:** (`Ctrl + F5`) if a replaced photo doesn't immediately refresh on your screen.

---

5. DIVISION OF RESPONSIBILITY

- **YOU MANAGE:** All property names, descriptions, prices, photos, unit configurations, payment milestones, amenities, YouTube links, and Google Maps locations.
- **DEVELOPER MANAGES:** Changing website code, domain/DNS hosting, database schema, and adding brand-new design sections.
